CHAIR'S REPORT

2025 was a very successful year for Canterbury Hockey. Growth was evident across virtually all things Canterbury Hockey, including expanded competitions, new participation and development programs, strong representative campaigns, coach, umpire and staff development, facilities planning and stakeholder relations. The key factors behind this growth were the emphasis on promoting a more connected hockey community, strengthening partnerships and relationships, and developing frameworks for better participation and performance, while always placing accessibility and inclusivity as a priority. Behind that, Canterbury hockey operated off a stable financial platform and was able to deliver the game through the suitable range of playing and social facilities we have.

Under the Incorporated Societies Act 2022, and following the Special General Meeting last year, the Association re-registered as an Incorporated Society. In doing that, we reviewed our governing and management documents to ensure we are fully compliant, and that we are adopting best practice in our governance and operational structures. As part of the process the CHA constitution was re-written to meet the requirements of the Act. Thanks to Rachel Morrison who has been instrumental in guiding both CHA and a large number of clubs through the process.

Canterbury Hockey is committed to making our game accessible and inclusive. On 12 March 2025 the Sport Integrity Commission launched the Code of Integrity for Sport and Recreation (Integrity Code). The Code is designed to promote safety and fairness for all participants, within an even more welcoming and enjoyable environment. We are in the process of reviewing existing policies to ensure these aspirations are met and how we formally engage with the Integrity Code.

The proposed redevelopment/upgrade of Nunweek Park to become the core playing and social facility in Christchurch remains a high priority. In late 2025 we commenced a community consultation process to ensure all members have the opportunity to be involved in the process. The success of this large project will rely on all stakeholders being both informed and able to contribute where appropriate. In addition to the Nunweek Park project, CHA is continuing to work with the Christchurch City Council and other parties to locate and build a new turf in Eastern Christchurch.

The financial position of the Association remains sound. The year finished with a modest operational surplus of \$22,100. This was the result of increased revenue from hockey-based activities, grant funding and sponsorship, coupled with improved internal efficiencies and prudent cost management. Although an operational profit was achieved, the annual accounts show a substantial loss due to the treatment of the forgiveness of a historic CAST loan. Thanks to Martin Perry and Heidi O'Brien for their management of CHA finances. We are grateful for the continued support of the Mainland Foundation, Lion Foundation, Pub Charity, The Trust Community Foundation, Air Rescue Services, TAB, Aotearoa Gaming Trust, Kiwi Gaming Foundation, and Grassroots Trust. We appreciate the relationships with our major sponsors Mike Greer Homes, Polytan, Harris Farms, Motus Health, Connetics, Just Hockey and Educare, and ongoing support from Ashton Wheelans, Ford Baker, Paladin and Trenzseaters.

Due to some excellent collaboration with the neighbouring associations of Mid and South Canterbury, West Coast, Marlborough, Buller, and Nelson, the good working relationship formed last year has strengthened.

I speak for not only the Board, but the vast majority involved with hockey, that the sport was very well delivered over 2025. The CHA staff remained committed and proud of their achievements. The Board acknowledges and thanks them for their dedicated work. The team continues to be led by Shane Maddaford. His high standards, vision, positive outlook and enthusiasm for his role and our sport is a real asset.

The Board would like to acknowledge the massive contribution of our volunteers. These people work across all facets of hockey and at all levels. We are so fortunate to have such a vast number of quality people who selflessly give their time for the benefit of all. Their work underpins what we achieve as a sport and without them, we wouldn't be celebrating the results we achieve.

Canterbury Hockey is very grateful to have had the support from Christchurch City Council, Selwyn District Council, and Waimakariri District Council. Not only by providing key playing facilities, the wider support for the delivery and promotion of hockey is appreciated.

Thanks to our Committees and Advisory Groups for the sound direction they provided, and the assistance they gave to the office and Board.

The management of CHA values very highly the relationship with the North West Community Trust and St Bede's College, the North Canterbury Sports Trust and Waikirikiri Hockey at Rolleston. Equally the Board appreciates the relationship with the Harewood Hockey Club, and the use and management of the Nunweek Park complex. The Board appreciates the ongoing support from its relationship with the Canterbury Artificial Surfaces Trust (CAST).

I would like to thank my fellow Board members Simon Munt (Deputy Chair), Rachel Morrison, Penny Gough, Martin Perry, and Ari Barrow.

We are delighted to reflect on a very positive 2025 for Canterbury Hockey, with 2026 promising to be equally exciting as we progress some major projects while delivering the best hockey product we can.

Mark Beatson
Chair

CHIEF EXECUTIVE'S REPORT

2025 has been another highly successful year for Canterbury Hockey, with strong performances across our competitions, programmes, and representative campaigns, alongside continued growth across our community. Across our full year delivery, a total of 536 teams participated in hockey throughout 2025, reinforcing the strength, scale, and engagement within our region.

Our U13 and U15 development programmes continued to grow, engaging almost 1,500 participants from across the South Island and highlighting our commitment to developing the next generation of players, coaches, and officials.

Two of the most significant areas of growth and excellence across our system in 2025 have been within our coaching and officials communities. Both areas continue to strengthen in depth, capability, and leadership, supported by targeted development opportunities, strong pathways, and outstanding people driving these environments forward. The growth in both participation and performance within these spaces is a clear reflection of the quality and direction of our overall hockey system.

Overall, 2025 has been a year we are extremely proud of, with continued growth, innovation, and success across all areas of our game.

Financial Results

CHA delivered another strong financial performance in 2025, with our core hockey-specific revenue streams of affiliation fees, training and match fees, and competition, participation and development revenue collectively finishing 1.2% above budget.

Grant funding continued to play a critical role in supporting the delivery of our sport, with a 4.1% increase on 2024 and another successful year of applications. This outcome reflects the strength of our relationships with our funding partners, led by the ongoing support of New Zealand Community Trust. We are also sincerely grateful for the continued backing of Mainland Foundation, Lion Foundation, Pub Charity, The Trust Community Foundation, Air Rescue Services, TAB, Aotearoa Gaming Trust, Kiwi Gaming Foundation, and Grassroots Trust.

Our representative programme was once again delivered with a high level of financial accuracy, finishing within 1% of the 2025 budget, reflecting strong planning and discipline across this important area of our delivery.

Sponsorship continued its positive trajectory, with 2025 delivering 4.8% growth on our previous record year (2023), setting a new benchmark for the organisation. We extend our sincere thanks to all of our valued partners for their ongoing commitment to Canterbury Hockey. In particular, we acknowledge the outstanding support of our major partners Mike Greer Homes, Polytan, Harris Farms, Motus Health, Connetics, Just Hockey and Educare, whose investment and belief in our organisation continue to play a significant role in the strength, sustainability and success of hockey across our region. We also greatly appreciate the continued support of our wider partner group, including Ashton Wheelans, Ford Baker, Paladin and Trenzseaters, all of whom make an important contribution to the delivery and growth of hockey in Canterbury.

It is important to acknowledge the accounting treatment of the historic CAST loan forgiveness. While the operational result for 2025 reflects a surplus of \$22,100, the inclusion of this accounting item presents as a significant loss in the financial statements. This has been communicated clearly to ensure transparency and understanding.

Overall, Canterbury Hockey remains in a strong and sustainable financial position, continuing to balance high-quality delivery with prudent financial management.

Hockey Delivery

Canterbury Hockey continues to deliver one of the strongest hockey programmes in New Zealand, with 536 teams participating across all of our various winter, summer and indoor competitions in 2025.

On the national stage, Canterbury achieved outstanding results. Across Masters, U18 and NHC campaigns, 22 teams represented the region, with 12 teams winning medals, including seven national titles.

Our seven national champions in 2025 were:

- Men's 40s Masters
- Women's 50s Masters
- Men's 70s Masters
- U18A Women
- Canterbury Cobras (Tier 3 Men NHC)
- Canterbury Barracudas (Tier 2 Women NHC)
- Canterbury Cavaliers (Tier 1 Men NHC)

The National Hockey Championship, hosted in Christchurch, was a standout event, with 47 teams competing across three tiers and six competitions. Canterbury made history as the first association to enter six teams across all grades, with all six teams winning medals in their respective divisions.

Our high performance pathway continues to produce exceptional results, with strong representation across Black Sticks, Junior World Cup squads, and NZA programmes, reinforcing Canterbury's position as a leading region nationally and internationally.

Development programmes in the U13 and U15 space continued to deliver strong outcomes, with 67 South Island teams and 18 Canterbury teams participating, supported by 43 coaches and 50 officials.

A significant highlight in 2025 has been the continued growth of our coaching community, with 388 registered coaches, including 175 female coaches, supported by 287 development opportunities delivered throughout the year. This growth is complemented by 35 representative coaches, 13 coach developers, and 5 trainers contributing to a well-supported and structured pathway.

The Canterbury Coaches Box podcast has also provided a valuable platform for connection and learning, generating strong engagement across our coaching community.

Our officials community continues to be a major area of strength for Canterbury Hockey. Junior umpire numbers have grown significantly, increasing from 17 in 2023 to 43 in 2025, while senior officials have grown to 91. Female official numbers have strengthened to 53, alongside male officials increasing to 81, highlighting strong and balanced growth across the system.

This growth has been supported by improved structures, including the introduction of umpire coaches, increased technical official coverage across competitions, and greater alignment of development pathways. The continued presence of Canterbury officials at national tournaments, alongside international appointments, reflects the quality, depth, and reputation of our officials community.

Community Connection

Community connection remains a cornerstone of Canterbury Hockey's success. The strong relationships and

ongoing support between the Association and our community of clubs and schools have played a direct role in the success achieved across all areas in 2025.

Our approach continues to focus on being accessible, responsive, and supportive to our stakeholders, ensuring that our clubs and schools feel well connected and equipped to deliver high-quality hockey experiences. This alignment and shared purpose across the network is a key driver of the strength of our competitions, programmes, and overall community engagement.

The partnership with the Alpiners continued to grow through the 2025 Premier Hockey League, with matches successfully hosted at Nunweek Park. The Women's team secured Bronze, while the Men's team achieved back-to-back Championships, further strengthening the visibility and connection of high performance hockey within our region.

We remain committed to continuing to strengthen these relationships and finding new ways to connect with and support our community into the future.

Strengthening our Whānau

The strength of Canterbury Hockey continues to be driven by its people. I extend my sincere thanks to our staff, Board, volunteers, officials, players, coaches, and supporters for their ongoing commitment to our game. We are proud to report another year with no turnover across our Hockey Delivery roles, reflecting the strength, stability, and culture of our organisation. Our team continues to invest in professional development, achieving further national and international accreditations.

The leadership and governance provided by our Board, along with the contribution of our advisory groups, remain instrumental in guiding the organisation and supporting key areas of delivery. Our staff continue to set the standard in hockey delivery across the country. Their dedication, innovation, and passion ensure we consistently deliver high-quality experiences for our community.

A special thank you to Sam, Chris, Lucy, Joe, Dave, Heidi, Ethan, and Sunjay. Your commitment to our community is outstanding, and the success of Canterbury Hockey is a direct reflection of your work.

Ngā mihi nui,

Shane Maddaford

Chief Executive Officer

COMMUNITY PARTICIPATION DEVELOPMENT

Small Sticks in School Delivery Programme

The Small Sticks programme experienced a shift in delivery during 2025, with increasing challenges in accessing individual schools directly. In response, the focus moved towards strengthening partnerships with regional sports trusts and delivering hockey through multi sport festivals and cluster based events. This approach ensured that hockey continued to reach large numbers of young people despite changing access conditions.

A strong and consistent relationship was maintained with Primary Sport Canterbury, who delivered an increased number of Development Days and Festival Days across primary school clusters. Canterbury Hockey also continued its collaboration with the Selwyn Sports Trust and North Canterbury Sports Trust.

Through these partnerships, hockey was introduced to more than 3,400 children during the year. This included approximately 2,500 participants at the Selwyn Sports Spectacular, 450 children through Primary Sport Development Days, and a further 500 children at North Canterbury Have a Go Days. These initiatives provided meaningful first experiences with hockey in inclusive, engaging environments.

These partnerships remain central to Canterbury Hockey's long term vision of introducing children to the game and creating clear pathways into club and school programmes.

Disability and Inclusion

Disability and inclusion continued to be a key priority throughout 2025. While overall participation remained relatively stable, the programme became more established, with many familiar faces returning across multiple initiatives. This continuity reflects the positive environments being created and the strong relationships formed with participants and families.

"Hockey Without Limits" remained the primary standalone programme delivered by Canterbury Hockey, supporting approximately seven regular participants in a safe and supportive environment focused on skill development, confidence, and enjoyment.

Canterbury Hockey also maintained its involvement in the Primary Sport Canterbury Disability Play Partnership, which continued to support around 50 students, and again participated in the South Island Halberg Games. These initiatives reinforced the Association's commitment to inclusive sport.

Further engagement was achieved through hosting a group of approximately 20 adults from Hohepa Community College and a group of five children from Parafed Canterbury. These connections strengthened relationships with disability organisations and broadened the reach of inclusive hockey opportunities.

Under 13 and Under 15 Development Programmes

The Under 13 and Under 15 development pathway continued to strengthen through ongoing refinement and targeted improvement. The July Holiday Development Camps were further enhanced in 2025, with a strong focus on coach education and programme structure. This refinement had a direct flow on effect to improved player development outcomes and overall session quality.

Participation in the July camps remained exceptionally strong, with 255 Under 13 and 127 Under 15 players taking part, highlighting the continued demand for quality development opportunities.

Regional festivals remained a major highlight of the season. The introduction of the Year 7 Festival in Timaru added a fresh and vibrant dimension to the programme and provided an excellent balance between on field enjoyment and off field engagement.

For the Year 8 programme, a greater emphasis was placed on upskilling coaches and providing them with practical tools to support players transitioning into 11-a-side hockey. This targeted support resulted in noticeable improvements in game understanding and on turf performance.

Festival participation was again impressive, with 208 Under 13 and 178 Under 15 players involved across the regional events.

The Under 15 tournament continues to sit in a very strong position within the development pathway. With no major structural changes required, the focus remained on maintaining quality and consistency. The involvement of local Premier Hockey League players added further value, offering inspiration and positive role modelling for emerging athletes.

Overall, the Under 13 and Under 15 programmes remain a cornerstone of Canterbury Hockey's participation and development framework, supporting young players through critical stages of their sporting journey.

COACH DEVELOPMENT

The 2025 season has been a very positive year for coach development across our community, with continued growth in coach numbers, increased engagement in development opportunities, and strong progress in building leadership within our coaching network.

This year we had a total of 388 registered coaches, with 175 female coaches, showing continued progress towards a more balanced and inclusive coaching workforce. Encouragingly, female coach numbers have grown at a faster rate than male coaches between 2023 and 2025, which reflects the impact of our efforts to support and encourage more women into coaching.

Coach development remained a key focus throughout the year, with 287 coaches involved in development opportunities across a range of programmes. Our festival programme continues to be an area for developing coaches, with 42 festival programme coaches involved, alongside 35 representative coaches working within our performance pathway.

We also continue to strengthen our coach development structure, with 13 Coach Developers supporting learning across the community and 5 Trainers. This year saw further success at the national level, with two new Coach Developers selected through the Hockey New Zealand 3-day residential Coach Developer programme, helping to build our capability to support coaches locally.

In addition, two Trainers were selected for the joint NZ Cricket / Hockey New Zealand Trainer pilot programme, and one Trainer was selected for the Sport NZ Trainer programme, which is a significant achievement and reflects the quality of people we have contributing to coach education in our region.

A new initiative this year was the launch of the “Canterbury Coaches Box Podcast”, created to provide accessible learning and connection for coaches. As of November 2025, the podcast has reached 1,274 total plays, with 378 hours of listening time, 60 followers, and 98% of listeners based in New Zealand. This shows strong engagement within our local coaching community and highlights the value of flexible learning opportunities.

Overall, 2025 has been a year of growth, development, and strengthening of our coaching network. The increase in coach numbers, the continued rise in female coaches, the success of our Coach Developer and Trainer pathways, and the expansion of our festival programmes all demonstrate positive progress toward building a strong, connected, and sustainable coaching community.

We look forward to continuing this momentum into 2026, with a focus on supporting coaches at all levels and developing coaching leaders within every part of our community.

COMPETITIONS REPORT

Delivering Strong and Inclusive Competitions

Throughout 2025, the Canterbury Hockey Association continued to deliver a diverse and engaging competition programme that catered to players across all ages and abilities. The winter season featured 397 teams, complemented by a rapidly growing Masters programme of 37 teams, demonstrating the ongoing strength of hockey across the region. Competition delivery remained consistent with previous seasons, with matches played six days a week across the same extensive range of venues from Christchurch through Selwyn, Mid Canterbury, and North Canterbury. Overall participation numbers remained steady, with close to 6,000 players involved, reflecting both retention across clubs and sustained demand for quality hockey experiences.

The **2025 SignBiz Canterbury Premier League Women's** competition was highlighted by an exceptional regular season from Harewood. Their dominance was evident across all round-robin trophies, finishing the season with a remarkable 111 goals scored, while Niamh McKenzie led the competition with 29 goals.

Despite Harewood's commanding season, the championship final delivered a thrilling contrast. Facing Marist in a closely fought contest, neither side was able to gain separation in regulation time. In a tense shootout, Marist emerged victorious, bringing an outstanding season to a dramatic conclusion in what was widely regarded as one of the closest women's finals in recent memory.

The **Men's Premier League** once again showcased elite domestic hockey, culminating in a high-quality final between Marist and Carlton Redcliffs at Nunweek Park. Marist claimed both the Presidents Shield and Championship Trophy, supported by a season built on defensive excellence, conceding just 13 goals across 14 regular-season matches.

The Presidents Shield race remained fiercely contested, with Marist and Carlton Redcliffs separated by only six goals on goal difference. The finals atmosphere at Nunweek Park, bolstered by a strong crowd and the presence of multiple Black Sticks players, reinforced the Premier League's status as a flagship competition within Canterbury Hockey.

Secondary school hockey continued to be a vibrant and visible part of the Canterbury calendar in 2025, with 72 teams representing schools from across the region. Weekly fixtures were characterised by strong school pride, competitive intensity, and a supportive environment for player development.

The Premier Boys final saw Timaru Boys' High School return once again to the championship match, this time against St Andrew's College. Timaru established an early advantage with two first-quarter goals. St Andrew's applied sustained pressure throughout the match and closed the margin late, but Timaru's composure under pressure secured another tightly fought title in front of a large and engaged crowd.

The Premier Girls final delivered one of the most memorable moments of the season. St Andrew's College led St Margaret's College 2–0 heading into the final quarter before a late resurgence from St Margaret's. A goal with two minutes remaining set up a dramatic finish, with the ball finding the net at the final hooter. After consultation, the umpires ruled no goal, confirming St Andrew's as champions in a gripping contest witnessed by more than 1,000 spectators.

Junior hockey remained a foundation of the Canterbury programme in 2025, with the continued support of Mike Greer Homes. Team numbers and participation levels were consistent with previous seasons, with approximately 1,900 young players taking part across clubs throughout the region. The strength of junior hockey continues to be driven by committed volunteers, coaches, and developing umpires, along with the growth of Fun Sticks programmes that introduce young players to the game in a positive and enjoyable setting. These programmes remain critical to long-term player development and retention.

The **Canterbury Masters** competition continued to thrive in 2026, with strong participation across all grades and the successful introduction of a new Men's Division 3. In the Men's Division 1 final, the Southern Stags delivered an outstanding performance to defeat long-time rivals Carlton 5–0. In the Women's competition, Hornby Bengals continued their impressive run, successfully defending their title with a 2–1 victory over Avon in the Division 1 final. Beyond the results, the Masters competition continues to be defined by its strong sense of community and enduring Masters spirit, with finals night a fitting celebration of both the hockey and the people involved.

The **Harris Farms–sponsored Summer Hockey** competition continued to grow in both scale and appeal. The Friday night 11-a-side mixed competition expanded significantly to 17 teams, while the 6-a-side format maintained steady participation, with strong support from secondary schools.

Summer hockey remains an important part of the annual calendar, providing opportunities to stay connected to the game, welcome new participants, and strengthen relationships across the hockey community in a relaxed and social environment.

Bringing the Community Together Through Events

Hosting major events remains a cornerstone of Canterbury Hockey's commitment to the game and its community. In 2025, the highlight of our events calendar was the return of **National Hockey Championship (NHC)** hockey to Christchurch for the first time since the pre-earthquake era.

Canterbury Hockey was proud to host 48 teams from across the country, with matches played across Nunweek Park and Nga Puna Wai in outstanding Christchurch conditions. The tournament marked the return of top-level community hockey to the region and was embraced by players, officials, and supporters alike.

Finals day at Nga Puna Wai delivered an exceptional atmosphere, with Canterbury teams featuring prominently throughout the playoffs. The event was fittingly capped off by the Canterbury Cavaliers securing back-to-back national titles, creating a moment that will be long remembered as a highlight of Canterbury Hockey's resurgence on the national stage. It was a privilege to once again host Hockey New Zealand's premier community tournament in Christchurch, delivering an experience players will remember for both the quality of hockey and Canterbury's success. Beyond NHC, Canterbury Hockey continued to deliver a calendar of events that brought people together both on and off the turf.

PLAYER NUMBERS 2025:

CANTERBURY PERFORMANCE CENTRE

The Canterbury Performance Centre operates on a holistic, athlete centred development philosophy designed to prepare players for success at the highest levels of regional and national competition. As a key pillar of the performance pathway, the Centre provides a structured, high-quality training environment for athletes competing in Canterbury's leading Secondary School, Division One, and Premier League hockey competitions.

In 2025, the Centre remained closely aligned with the Canterbury representative pathway and Hockey New Zealand's national development framework, ensuring athletes experienced consistent, progressive training that supports long-term performance aspirations.

The programme was led by Canterbury Hockey Talent Development Manager Chris Leslie and supported by an experienced coaching team comprising Andrew Hastie, Kate Trolove, Rory Crawford, Matt Walcott, Ben Owers, Joe Piggott, Georgia Leslie, Sunjay Ganda, James Morris-Williamson, and Joe Morrison. Specialist goalkeeping coaching was delivered by Emil Collins, Kaveshan Karunakaram, Saasha Marsters, and Josh White, further strengthening the breadth and quality of the development environment.

Delivery occurred across two targeted phases. Phase One (January–February) included twice-weekly sessions on Mondays and Wednesdays, while Phase Two (November–December) featured weekly Wednesday sessions. Demand and engagement remained high with a total of around 100 athletes participating across both phases.

The training model combined technical skill refinement with tactical and conceptual growth. Sessions emphasised decision-making under pressure, precision in execution, and enhanced game awareness particularly in fatigued conditions. These elements remain central to developing resilient, competition-ready athletes.

The Canterbury Performance Centre is committed to continuing to provide high-performance development opportunities in the years ahead.

NATIONAL REPRESENTATIVES

Congratulations to the following players, coaches and management personnel chosen to represent New Zealand in 2025 (Jan 2025 – Dec 2025):

MEN

Vantage Black Sticks

Charlie Morrison
Joseph Morrison
Simon Yorston
George Baker
Gus Nelson
George Enersen
Nick Lidstone
Sam Lane
Louis Beckert

U21 Future Black Sticks

Owen Brown
Dean Clarkson
Tim Crawford
Javahn Jones
Sam Lints
Gus Nelson
Jordan Whittleston
Finlay Neale
Jakarta Jones
Scott Illerbrun

NZ Indoor Men

Louis Beckert
Steven Atkinson
Josh Durant
Kyle Houston
Moss Jackson
Ben Allen

Future Black Sticks Under 18 Camp

Ollie Munt
Fynn Harrington
Toby Grant
Ben James

WOMEN

Vantage Black Sticks

Jessie Anderson
Kirsty Nation
Emma Rainey (Auckland region of origin)
Millie Calder
Mezzy Surridge
Tessa Reid
Brittany Wang
Assistant Coach - Aaron Ford

U21 Future Black Sticks

Arabelle McGuckin
Kaea Elliot
Emma Irwin
Cara Morrison
Niamh McKenzie
Katie Bond
Hannah Donald
Mezzy Surridge
Assistant Coach: Chris Leslie

NZ Indoor Women

Eliza Roxborough-Judd

Future Black Sticks Under 18 Camp

Maggie Lundy
Caitlin Tier
Lucinda Christie
Zara Gamble
Sienna Innes

REPRESENTATIVE

Canterbury's representative programme enjoyed an outstanding year on the national stage. Of the ten teams in competition, seven finished on the podium. Championship titles were secured by the Cavaliers, Barracudas, Cobras and Under 18A Women, while the Beavers earned silver and the Cats and Coyotes each claimed bronze medals.

The Mainland Cup, hosted by Canterbury in Christchurch over King's Birthday weekend, once again proved an important build-up event for our Under 18 squads ahead of their national tournaments. Canterbury also fielded men's and women's Under 21 teams, providing valuable high-level competition in the lead-up to senior trials. The province proudly retained the Mainland Cup for the sixth consecutive year.

Canterbury again hosted the Educare Matariki Invitational Tournament, designed primarily for Under 21 players. The men's competition featured Canterbury Country and Canterbury Town, alongside Wellington, Otago and South Canterbury. Otago claimed the gold medal, with Canterbury Country finishing second and Canterbury Town third. In the women's draw, Canterbury A secured the gold medal while Canterbury B finished fourth.

The Ōtautahi Cup was also hosted in Christchurch, providing valuable preparation ahead of the National Hockey Championships. The tournament brought together the Cavaliers, Cats, Beavers and Barracudas, along with visiting teams from Wellington and Otago. The Cavaliers and Cats topped their respective competitions, with the Barracudas finishing second and the Beavers fourth. The matches were fiercely contested, and Canterbury successfully defended the Cup title.

North Harbour hosted the Vantage National Under 18 Women's Championships, where both Canterbury A and B performed strongly throughout the week. The A team overcame tough opposition in both their quarterfinal and semifinal shootouts before defeating Hawke's Bay 2–0 in the final to claim the gold medal. The B team also competed well, reaching the quarterfinals and finishing a credible seventh overall.

The Vantage National Under 18 Men's Championships were held in Timaru. Canterbury A topped their pool with an unbeaten record before narrowly losing their quarterfinal against Otago 2–1. They rebounded strongly with two playoff wins to secure fifth place overall. Canterbury B faced a challenging week, finishing nineteenth.

Canterbury hosted the Ford National Hockey Championships in Christchurch. Competing in Tier One Women, the Cats progressed to the semifinals before narrowly losing a shootout to Auckland. They finished the tournament strongly, defeating North Harbour 5–2 in the playoff to secure third place and the bronze medal. In Tier One Men, the Cavaliers produced a dominant campaign. They won all six matches, scoring 31 goals while conceding just three. After topping their pool, they defeated Otago 7–0 in the quarterfinal and Wellington 4–1 in the semifinal. In the final, the Cavaliers delivered another commanding performance, defeating North Harbour 5–0 to secure the gold medal for the second consecutive year.

In Tier Two, the Barracudas continued their impressive form with another outstanding campaign. After convincing wins in all three pool matches, they defeated Wellington B 4–0 in the quarterfinal and North Harbour B 4–0 in the semifinal. In the final against Waikato, the match was locked at 2–2 at the end of regulation time before the Barracudas prevailed in the shootout, claiming the gold medal for the second year in succession.

The Beavers Men, also competing in Tier Two, progressed through a tightly contested pool with two shootout wins and one outright victory. They defeated Auckland B 5–0 in the quarterfinal before edging Manawatu 3–2 in the semifinal to reach the final against Wairarapa. In another close encounter, Wairarapa prevailed in the shootout, with the Beavers finishing as silver medalists.

For the first time, Canterbury entered both a men's and women's team in Tier Three of the tournament. The Coyotes women made an excellent start, winning four of their five pool matches to reach the semifinals. After a tightly contested match against Central Otago finished 1–1 in regulation time, the team narrowly lost the shootout. They finished the tournament strongly, defeating South Canterbury to secure third place and the bronze medal. In the Tier Three men's competition, the Cobras experienced a challenging start with two shootouts in their opening matches, winning both of them. After a pool loss to Tasman, the team regained momentum with a win in their final pool match. They progressed to the quarterfinals, defeating Mid Canterbury, before avenging their earlier loss to Tasman with a 3–2 semifinal victory. In the final, the Cobras delivered a composed performance, defeating Bay of Plenty 3–1 to secure the gold medal.

Individually, the following players finished as leading goal scorers in their respective tiers:

- Owen Brown – Cavaliers
- Mezzy Surridge – Cats
- Arabelle McGuckin – Barracudas

Canterbury Hockey extends its sincere thanks to all players, coaches and management for their commitment, professionalism and dedication throughout the season. Their contribution to the success of the representative programme is greatly valued and appreciated.

REPRESENTATIVE RESULTS

VANTAGE NATIONAL UNDER 18 WOMEN'S CHAMPIONSHIP

Canterbury A	Finished 1st
vs Auckland White	Won 3 - 1
vs North Harbour	Won 10 - 0

EVENTS

The **Hockey 5s Tournament**, proudly supported by Harris Farms, provided fast-paced and enjoyable hockey in a festival-style environment. Harris Farms enhanced the experience by providing a free BBQ for all participants, reinforcing the inclusive and community-focused nature of the event.

The **Under-13 Programme** was successfully delivered across Christchurch and Timaru, strengthening regional collaboration and providing young players with access to high-quality development opportunities in multiple centres.

The **Under-15 South Island Tournament** stood out as a flagship development event. Enjoying excellent weather, the tournament welcomed over 500 participants and supporters and featured high-quality hockey across the week. The popular food truck night returned, adding to the atmosphere, while the tournament also served as an important development opportunity for officials, who stayed together throughout the event. The continued success of this tournament is a credit to the outstanding efforts of Ethan Booth, Joe Piggott, and Sunjay Ganda, alongside the strong support of our South Island partner associations.

Celebrating Our People

The annual Awards Night at Russley Golf Course provided a memorable opportunity to celebrate the people who make hockey in Canterbury so special. The evening brought together players, officials, volunteers, and community figures, with strong representation from top-level athletes adding a touch of star power. The celebrations carried late into the night, reflecting the pride and connection felt across the community.

Canterbury Hockey Golf Day

The Canterbury Hockey Golf Day was held in stunning conditions and delivered another enjoyable day of competition and camaraderie. A mix of impressive golf and the occasional questionable shot ensured plenty of laughs across the field. Congratulations to the More FM team, who claimed victory by the narrowest of margins. The Golf Day continues to be a valued social and fundraising event on the Canterbury Hockey calendar.

Premier Hockey League – Alpiners

The Alpiners Premier Hockey League home fixtures took on a new look in 2025, with two home games hosted at Nunweek Park. The move proved highly successful, with over 500 spectators in attendance at each match across the embankment, grandstand, and turf surrounds.

Match days offered a true event-day experience, featuring food trucks, bouncy castles, T-shirt cannons, halftime entertainment, and post-match player signings and photos. The Premier Hockey League continues to provide a unique opportunity for the Canterbury community to engage with elite hockey while inspiring the next generation through close access to top-level players.

OFFICIALS REPORT

The 2025 season has been one of our most connected, progressive and rewarding years in the Canterbury Hockey officiating space. When reflecting on the year, it is clear that our focus on development, recognition and building a strong community is continuing to shape a pathway that stretches from our youngest junior umpires through to national finals appointments.

This year we saw strong engagement across all levels of officiating.

Canterbury Hockey currently has:

- 43 CHA Junior Umpires
- 91 Senior Officials
- 53 Female Officials
- 81 Male Officials

These numbers represent more than participation they reflect an active, committed group of people who give their time to ensure our competitions are delivered with professionalism and integrity. The balance across genders and experience levels is particularly encouraging as we continue developing depth within our panels.

Our **End-of-season survey** provided strong affirmation of the direction we are heading as an officiating community.

- 86% of respondents believe Canterbury Hockey is making a genuine effort to support and grow our officials community.
- 90% feel that officials are valued within Canterbury Hockey.
- 98% rated their season as either Good or Excellent.
- 33% of our officials are aged between 13–18 years old, highlighting the strength and sustainability of our junior pathway.

These results reinforce that our focus on connection, development and recognition is being felt across the community.

In 2025 we delivered 34 officiating courses across Canterbury, including 11 club and school-based courses. Taking education directly into clubs and schools has allowed us to support officials in their own environments and grow capability at a grassroots level. A significant milestone this year was the introduction of our Junior Officials Coach Course. This new initiative strengthens the link between playing and officiating, ensuring our young umpires are supported, mentored and guided early in their journey.

Across the year, officials achieved the following qualifications:

- Level 1 Technical Badge – 8 completed
- Level 1 Umpiring Badge – 5 completed
- Community Badge – 17 achieved
- Junior Badge – 23 achieved

These milestones demonstrate a culture of continuous learning and personal accountability within our officiating group.

Canterbury officials once again made a significant impact at Hockey New Zealand tournaments.

- 54 officials attended national tournaments
- 11 were appointed to Gold Medal matches

Appointments to medal matches highlight both performance and trust at the highest domestic level. It is a strong reflection of the pathway and preparation happening locally.

Hosting the National Hockey Championship in Christchurch was another major highlight. With over 53 Judges involved, the event was delivered to an exceptional standard. Special acknowledgement must go to Lyndsey Jones, who led the Judges team with clarity and professionalism.

The following Officials represented Canterbury at a National, South Island, or Regional Level:

International Tournaments

Katrina Turner
USA vs NZ Test Series
Pro-League Sydney
Ben Grant
Nations Cup
Sultan of Azlan Sha
Nic Rankin
Junior World Cup
Nick Saunders
Nations Cup
Oceania Junior Qualifiers

CANTERBURY ARTIFICIAL SURFACES TRUST REPORT

During the year ending 30 September 2025, CAST was engaged in discussions on a couple of future facility developments at Nunweek Park.

Canterbury Hockey Association commenced discussions with CAST on future plans for Nunweek Park, aimed at establishing some improved facilities for players, officials, and spectators. It was agreed that several things were required to ensure a smooth and widely accepted development took place; hockey community consultation, a sound governance structure, expert project management, consultation with major affected parties Harewood Hockey Club and the Christchurch City Council. At year end, discussions were still taking place.

The Nunweek 3 turf has continued to draw some adverse comment, especially through the winter months. CAST decided to replace the surface in the summer of 2026/27 when its loan to CHA will have been paid off, and some savings will have been accumulated. The question of whether the new surface would be a water or non-water turf, had not been determined and investigations were ongoing as to whether the installation of a water turf was both feasible and affordable.

After many years of carrying a debt to CHA in our accounts, this debt was finally forgiven by CHA and a Forgiveness of Debt document for \$522,258, was signed during the year.

The leasing costs for the three Nunweek turfs was left unchanged and remained at \$70,000 per turf for the year. This figure has remained unchanged for many years now, as the Trustees are well aware of the costs of playing hockey. The major cost incurred was insurance of the facilities. This is negotiated through an Insurance Broker and in fact, across the various categories of insurance, was slightly lower than in the year before. The Trust had an operating surplus of about \$160K but after loan interest repayments and depreciation, a loss of around \$150K.

I continue to remain extremely grateful for the support and work of fellow Trustees; Kurt Gurden, Peter Cox, Di Te Awa, Nick Harris and Ian Riach. In particular, I wish to thank Kurt Gurden who has handled the extra work involved with the loan repayments and all the other financial matters. The success of the model that hockey has, where CAST operates as the asset owning entity for the sport, relies on good communications between CAST and CHA. In this regard I wish to acknowledge the ready availability and effective communication with CEO, Shane Maddaford.

CAST continues to be very mindful of its wider brief to provide playing facilities for hockey throughout the region and is therefore always ready to connect with new initiatives for developments.

Selwyn Maister
Chair CAST

CANTERBURY HOCKEY ASSOCIATION

SUMMARY FINANCIAL STATEMENTS

	2025	2024

	Canterbury Hockey Association Incorporated	Directors Liability Insurance
Martin Perry	Southern United Hockey Club Incorporated	Life Member, Prem Manager, Player
	Canterbury Masters	Treasurer on Committee, Player
	NZ Masters	Player
	Canterbury Hockey Association Incorporated	Learning to be a Tournament Director, Directors Liability Insurance
Ari Barrow	Avon Hockey Club Incorporated	Player, Committee Member
	Canterbury Hockey Association Incorporated	Directors Liability Insurance
Rachel Morrison	Hockey New Zealand Incorporated	Board Member, Member of the HNZ Governance Sub-Committee, Co-Chair of the HNZ Governance Forum for Associations
	Oceania Hockey Federation Incorporated	Engaged in a Professional Capacity
	Canterbury Hockey Association Incorporated	Directors Liability Insurance
Shane Maddaford	Southern United Hockey Club Incorporated	Player, Coach, Children Playing
	NZ Masters	Player
	Canterbury Hockey Association Incorporated	Masters Player, Directors Liability Insurance

Management of Conflicts of Interest for year end 31 December 2025:

The Board advises that the following matters arose where a conflict of interest became active:

Rachel Morrison, Hockey New Zealand conflict of interest, in relation to the following matters:

- Hockey New Zealand Affiliation Fees and the use and promotion of Play HQ.
- Additional installation of cameras at Nunweek and NPW being endorsed by Hockey New Zealand and the subscription system introduced to view the games broadcast on the cameras.

While the Board noted these conflicts of interest no management was deemed necessary because of the non-contentious nature of the matters, and no decision was required from the Board.
